

BOARD OF DIRECTORS' MEETING OCTOBER 21, 2009

Following our regular Quarterly meeting, the Board of Directors met for a short meeting. Members present were, Nelson White, Sam Twiford, David Twiford and Donald Payne.

Items of discussion:

1. Players moving to different sets of tees whenever they want. Board recommended that anyone can move to a different set of tees only once during the winter and once during summer months, with two exceptions. First exception, a player may change to a different set of tees, ONE week prior to the Club Championship in order to practice from the set of tees that he/she will be playing during the tournament. Player MUST return to set of tees that was being played prior to the tournament within one week following tournament. Second exception, to move to a different set of tees more than once during the time period will be due to medical reasons, and this will be decided on a per case basis.
2. An increase to \$75.00 will be given for a hole-in-one to help with the bar bill.
3. Donald and anyone who would like to assist him will report back to the BOD with a new handicap spread for the Hoobies. The spread will be different from The Pines' handicap spread, but will reflect one of a truer spread from one set of tees to the next, based on the ability of the hoobies. This will be done by taking into consideration age, hitting distance for the majority of our players, slope, and consideration of other factors. With this new handicap spread, our players should be able to play different sets of tees and not affect their scoring average.
4. Last order of business was whether everyone should play from the same set of tees. The BOD decided by a vote of 3 to 1, NOT to require the membership to all play from same the set of tees, but to allow the member to select the set of tees he/she wishes to play.

With no further business, the meeting was adjourned.

David H. Twiford
